

“Ezy-Hang”

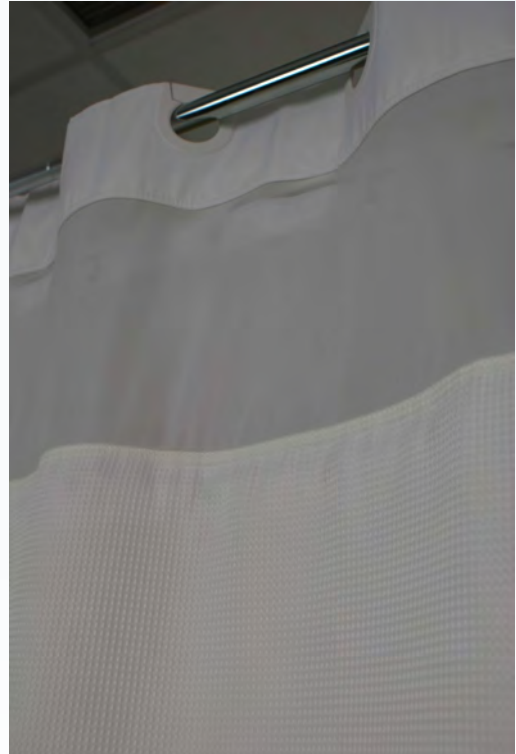

Shower Curtain

This is our new header finish that has a plastic ring inserted inside a six inch white heading. The header material is 150 denier material with reinforced taping inside. In a standard size 72” x 74” shower curtain, you will find ten of these rings to place up onto the bar. Very clean, attractive finish.

This header can be placed on any fabric or any vinyl shower curtains in our line. We can also attach a light view sheer window or a vinyl see-thru window below it and add materials with our snap away nylon liner. Right now we carry this only in white, but we will soon carry beige header as well, samples can be requested.

We will have stock product in 72” x 74” and 36” x 74” in an array of different styles. These will be available towards the end of February 2014. Samples can be requested at this time, along with further literature and swatches. View information attached for stocked items.

There is no minimum demand, except for full case orders of 12 per case. These will be stocked and maintained to drop ship out of our east coast warehouse base, located at Forest City, PA 18421.
